**A non-profit organization**

Where play is  
wondrous work

### Our Why

Early Years and child care programs in Ontario are governed by the Ministry of Education. The Ministry of Education's document "How Does Learning Happen?" is the framework that guides our policies, procedures, and daily practices. Ontario's pedagogy holds a strong vision for the early years sector and is guided by the values of belonging, expression, engagement and wellbeing as well as a high image of the competence of children, families and educators. These values frame our own pedagogical values and beliefs.

### We value...

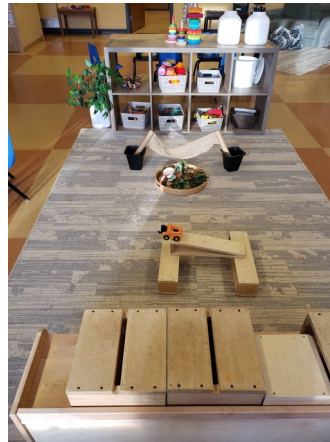

Community  Diversity  Wonder  Engagement

## Why Choose HWCCCC?

### Engaging Environments

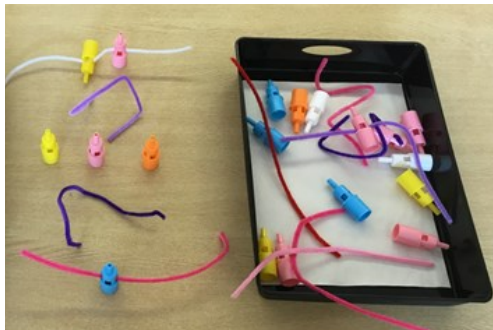

Children are born researchers with a natural desire to explore and learn about the world around them.

As capable and competent human beings, we believe children deserve rich learning environments, that challenge them and invite them to explore, create, construct and collaborate with others or independently.

### Wondrous Loose Parts

Loose Parts are opened ended materials that are able to be combined, moved, redesigned and pulled apart for endless exploration for children. We provide a variety of materials for the children to manipulate, and continuously update the materials we offer to keep the children engaged and intrigued.

### Natural Outdoor Experiences

When children explore outdoor, natural environments, they are curious and imaginative with their surroundings. To support this interest, we strive to create learning opportunities through play with outdoor classrooms.

## We believe in...

Collaborative Partnerships with Families

Fostering Health and Well Being

Documenting Children's Learning

Rich Learning Environments

Life Long Learning

Emergent Curriculum

## Infant, Toddler and Preschool Programs

We provide a full day program for children from ages birth –18 months (Infant Care), ages 18 months -30 months (Toddler Care) and 2.5 years – 3.8 years (Preschool Care).

Our programs have a Cook that provides nutritious snacks and meals for the children to enjoy. We value exploring new ways to make food delicious and nutritious for the children. For more information on our menu visit

[www.hwcccc.ca](http://www.hwcccc.ca)

## Before and After School Programs

We provide a seamless day for children ages 4 years – 13 years who attend school.

We offer care on P.A days, March Break, Christmas Break and during the Summer months (at select locations).

Our programs are committed to providing nutritious snacks on a daily basis for all children in our before and after school programs.

All of our locations are apart of Catholic Schools across the Hamilton Area. We support Catholicism by incorporating prayers before meals, as well as, complementing the beliefs in the school programs.
